

Individual tax residency self-certification form INSTRUCTIONS

CRS-I

Please read these instructions before completing the form.

Regulations based on the OECD Common Reporting Standard (“CRS”) require Financial Institutions (“FIs”) to collect and report certain information about an account holder’s tax residence. Each jurisdiction has its own rules for defining tax residence. In general, tax residence is the country in which you live. Special circumstances (such as studying abroad, working overseas, or extended travel) may cause you to be resident elsewhere or resident in more than one country at the same time (dual residency). The country/countries in which you pay income tax are likely to be your country/countries of tax residence. For more information on tax residence, please consult your tax adviser or the information at the OECD automatic exchange of information portal at <http://www.oecd.org/tax/automatic-exchange/>.

If your tax residence (or the account holder, if you are completing the form on their behalf) is located outside the country where the FI is maintaining the account is located, we may be legally obliged to pass on the information in this form and other financial information with respect to your financial accounts to the tax authorities in the country where the FI is located.

You can find definitions of who is classified as an account holder, and other terms, in the Appendix.

This form will remain valid unless there is a change in circumstances relating to the account holder’s tax status or other mandatory fields included on this form. You must notify us if there is a change in circumstances that makes this form incorrect or incomplete and provide an updated self-certification.

This form is intended to request information only where such request is not prohibited by local law.

Please fill in this form if you are an individual account holder, sole trader or sole proprietor.

For joint or multiple account holders, use a separate form for each individual person.

Where you need to self-certify on behalf of an entity account holder, do not use this form. Instead, you will need an “Entity tax residency self-certification.” Similarly, if you are a controlling person of an entity, please fill in a “Controlling person tax residency self-certification form” instead of this form.

If you are a US Person under US Internal Revenue Service (“IRS”) regulations, you will also need to complete an IRS W-9 form.

If you are filling in this form on behalf of someone else, please tell us in what capacity you are signing in Part 3.

For example, you may be the custodian or nominee of an account on behalf of the account holder, or you may be completing the form under a power of attorney.

A legal guardian should complete the form on behalf of an account holder who is a minor.

As a financial institution, we are not allowed to give tax advice.

If you have any questions about this form, these instructions, or defining your tax residency status, please speak to your tax adviser or domestic tax authority.

You can also find out more, including a list of jurisdictions that have signed agreements to automatically exchange information, along with details about the information being requested, on the OECD automatic exchange of information portal.

Appendix – Definitions

“Account Holder” The term “Account Holder” means the person listed or identified as the holder of a Financial Account. A person, other than a Financial Institution, holding a Financial Account for the benefit of another person as an agent, a custodian, a nominee, a signatory, an investment advisor, an intermediary, or as a legal guardian, is not treated as the Account Holder. In these circumstances that other person is the Account Holder. For example in the case of a parent/child relationship where the parent is acting as a legal guardian, the child is regarded as the Account Holder. With respect to a jointly held account, each joint holder is treated as an Account Holder.

“Controlling Person” This is a natural person who exercises control over an entity. Where an entity Account Holder is treated as a Passive Non-Financial Entity (“NFE”) then a Financial Institution must determine whether such Controlling Persons are Reportable Persons. This definition corresponds to the term “beneficial owner” as described in Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012). ***If the account is maintained for an entity of which the individual is a Controlling Person, then the “Controlling Person tax residency self-certification” form should be completed instead of this form.***

“Entity” The term “Entity” means a legal person or a legal arrangement, such as a corporation, organisation, partnership, trust or foundation.

“Financial Account” A Financial Account is an account maintained by a Financial Institution and includes: Depository Accounts; Custodial Accounts; Equity and debt interest in certain Investment Entities; Cash Value Insurance Contracts; and Annuity Contracts.

“Participating Jurisdiction” A Participating Jurisdiction means a jurisdiction with which an agreement is in place pursuant to which it will provide the information required on the automatic exchange of financial account information set out in the Common Reporting Standard.

“Reportable Account” The term “Reportable Account” means an account held by one or more Reportable Persons or by a Passive NFE with one or more Controlling Persons that is a Reportable Person

“Reportable Jurisdiction” A Reportable Jurisdiction is a jurisdiction with which an obligation to provide financial account information is in place.

“Reportable Person” A Reportable Person is defined as an individual who is tax resident in a Reportable Jurisdiction under the tax laws of that jurisdiction. Dual resident individuals may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for purposes of determining their residence for tax purposes.

“TIN” (including “functional equivalent”) The term “TIN” means Taxpayer Identification Number or a functional equivalent in the absence of a TIN. A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual or Entity for the purposes of administering the tax laws of such jurisdiction. Further details of acceptable TINs can be found at the OECD automatic exchange of information portal at <http://www.oecd.org/tax/automatic-exchange/>.

Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification (a “functional equivalent”). Examples of that type of number include, for individuals, a social security/insurance number, citizen/personal identification/service code/number, and resident registration number.

Note: These are selected definitions provided to assist you with the completion of this form. Further details can be found within the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (the CRS), the associated Commentary to the CRS, and domestic guidance. Relevant information can be found at the OECD automatic exchange of information portal at <http://www.oecd.org/tax/automatic-exchange/>.

If you have any questions then please contact your tax adviser or domestic tax authority.
